FOREWORD

If we, the Staff of the 1939 Highlander, have successfully given you a photographic view of the school year of 1938-1939, we know that we have been successful in our main purpose.

STARKE TAYLOR, Editor-in-Chief
HUGH WHITE, Busines Manager

DEDICATION

The Senior Class of '39 dedicates this 1939 Highlander to Mrs. G. T. Short for her patience as a sponsor of the Highlander and for her sincerity as a true friend.

THE BOARD OF EDUCATION

The Board of Education extends greetings and best wishes to the graduating class of 1939 and to our entire student body. Like previous graduating classes, you have set a high standard of achievement which will be an inspiration to those who come after you. Our interest will follow you through the coming years. It is our sincere wish that success and happiness will be yours.

R. C. DUNLAP,
President, Board of Education,
Highland Park School District.

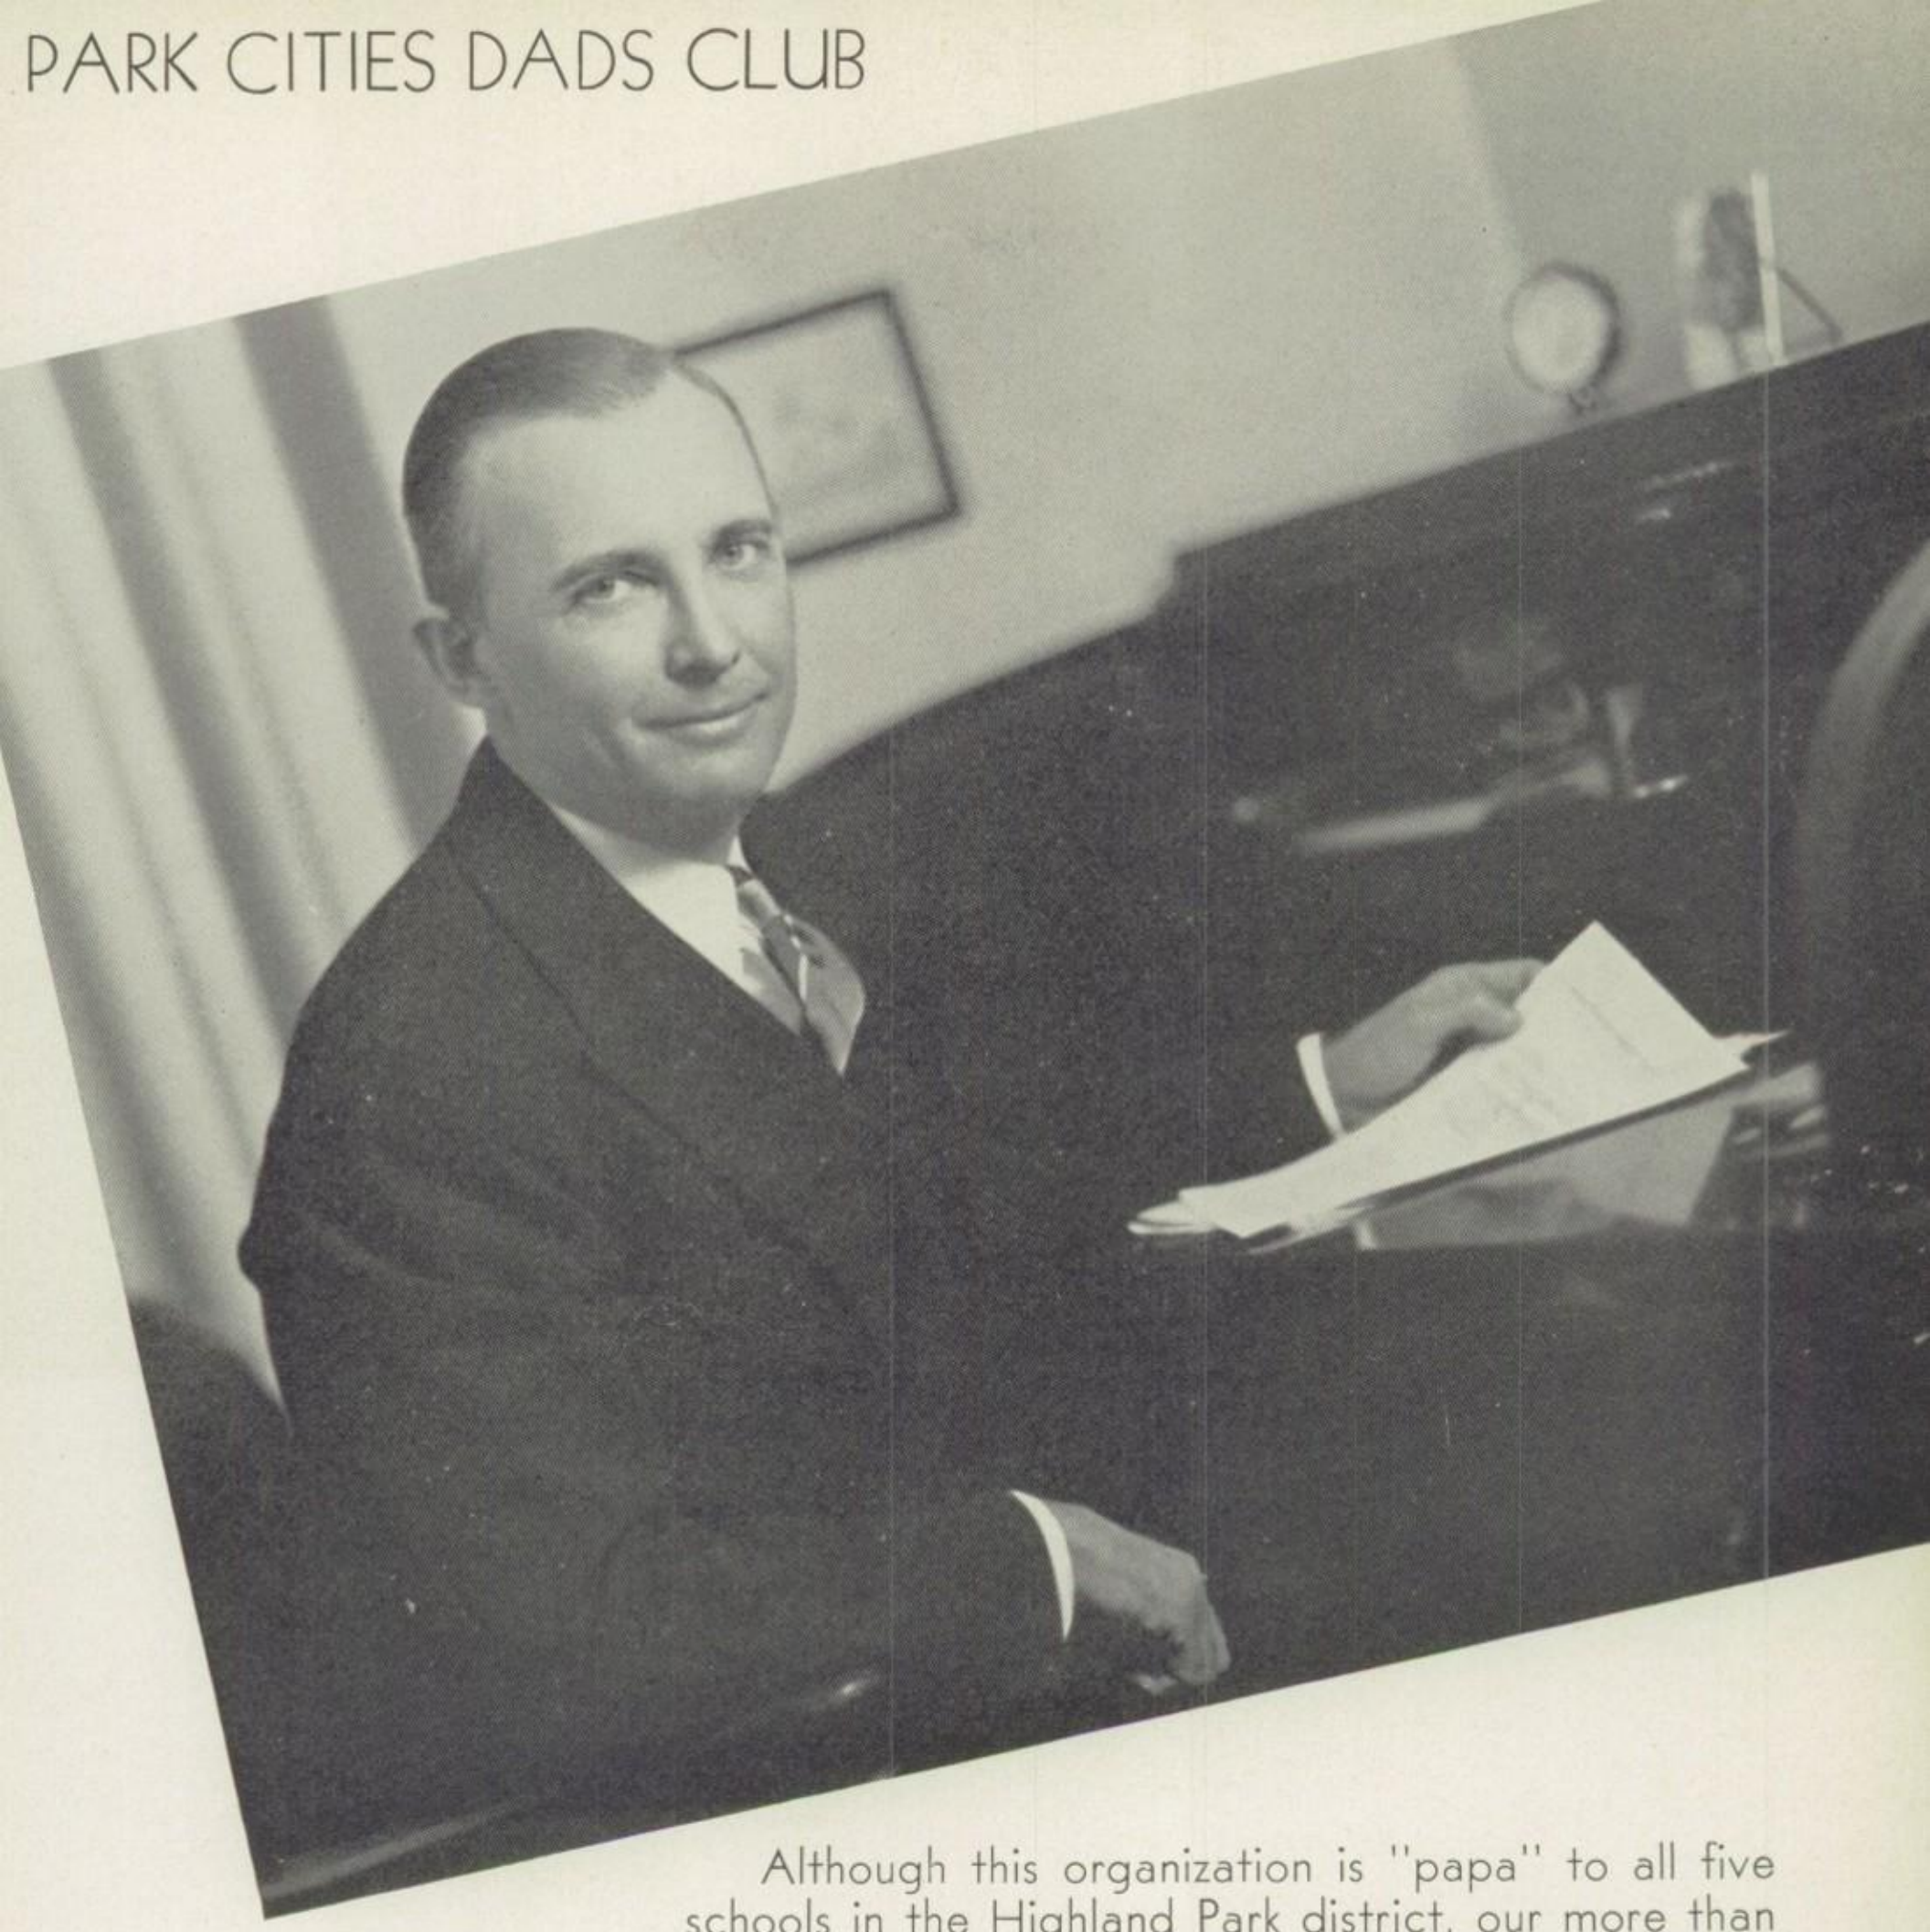
PARENT-TEACHER ASSOCIATION

To the Classes of 1939:

May the years that lie ahead bring you happiness, prosperity, courage and above all a continued development of that fine character which distinguishes the Classes of 1939.

MRS. BENTLEY YOUNG, President.

PARK CITIES DADS CLUB



Although this organization is "papa" to all five schools in the Highland Park district, our more than 1,300 members stand back of you Highlanders from 2B to 4A as the crowning achievements in our great school system. With parental license we swell with pride over your outstanding accomplishments during 1938-39 in scholarship, citizenship, sportsmanship, journalism and moral leadership. We know you graduates will continue Highland Park's records in college, and we will welcome you into the Dads Club about fifteen years from now.

WILSON W. CROOK, President.

OUR SUPERINTENDENT

Class of 1939:

In these times when the democracies of the world are undergoing the greatest trials of their existence, it is imperative that our young people learn the lessons of democratic living and the proper consideration of the rights of those with whom they are associated. I congratulate you, the members of this class, on having gone far toward high ideals of democratic participation in dealing with affairs about you and on helping materially to impress these fine principles on your associates.

H. E. GABLE, Superintendent.

OUR PRINCIPAL

It is my pleasure to congratulate the student body on its allied activity program and the type of leadership we have experienced throughout the school year. It is the business of the school to develop citizenship. Every child is the potential "understudy" of some student leader and it is through the attitudes and ideals of student leadership that education in citizenship may reach the youngest child in the system. May all future leaders realize this responsibility.

BEN W. WISEMAN, Principal.

UNDERCLASSES

CLASS PRESIDENTS

I am proud to have the honor of being President of such a distinguished class. The 3A class is active in clubs, athletics, and several members have won debates and other tournaments. In spite of the many activities, the class has kept a high scholastic average with a large number on the honor roll.

Bunkie Waters

President 3A Class

Although the present 3B class is one of the largest ever seen at High Park, we strive to show quality as well as quantity. We hope to graduate together with a fine record, so next year "watch our smoke" as Seniors.

Jim Moody

President 3B Class

As president of the 2A class, I wish to extend to the members of my class a challenge to maintain the high standards that they have attained, and to emerge on the top rung of the ladder in the senior year. Let us leave this school with the realization that we have maintained or even raised the high standards of which Highland Park is justly proud.

Bobby Quinn

President 2A Class

Due to a transfer, I was unable to complete my term as president of the 2B class. However, I want to extend my appreciation for this honor. Knowing the members of this class as I do, I feel certain of their future success in contributing to the high standards of Highland Park High School.

Bill Oldham

President 2B Class

We of the 2B class hope that we may live up to the standards and traditions of Highland Park. Our predecessors have brought us fame in scholarship and athletics, and we will try to further these achievements.

George Jackson

President 2B Class

The purposes of the Highland Park Student Council are to help maintain a form of school government which encourages pupil-teacher cooperation, to foster sentiments of law and order, and to unify all student organizations under one general control.

During the past year the Council has handled the school drives, sold "Scottie" emblems, sponsored a drive to aid visual education, supervised a library project, sponsored a Student Get-Acquainted Week, and acted as president of the Texas Association of Student Councils.

In 1937 the Highland Park chapter of Quill and Scroll, international honorary journalistic society, was first organized and is composed of the outstanding staff members of the school publications.

The requirements for membership are junior standing, scholastic rank in upper third of class, superior work in some phase of journalism and recommendation by the respective sponsor.

The chief project of the club in 1939 was to revise and re-edit the "Kiltie", the student handbook, for the following year. Co-editors and assistants were selected from the club, and junior members received excellent training for the coming year. The editors for 1939 were James Blanchette and Robert Persons.

This spring the National Honor Society completed its eighth year at Highland Park High School. This organization, sponsored by Mr. C. D. Bowlby, strives for better scholarship, leadership, service, and character.

Twice a year members are elected from those students of the 3A, 4B, and 4A classes who have, for the preceding semester, an average of 90 or above. Membership is restricted to fifteen per cent of any class and is decided by the faculty.

During the past year the society held its annual banquet in the school cafeteria. Cataloguing the books in the library and compiling a permanent record of all the students' activities were the main accomplishments of the year.

Each year the Society presents a National Honor Society blanket to the most outstanding boy and to the most outstanding girl in each graduating class. This blanket is awarded by a point system which is based on the standards of the National Honor Society.

Highland Park's Hi-Y is one of the school's most outstanding organizations. This prominence has been accomplished both through its large membership and its charitable and social activities. The purpose of the Hi-Y is the building of a higher character among its members and to extend high ideals of Christian character throughout the school and community.

Every year the members of Hi-Y send Thanksgiving baskets to the poor and give a Christmas party for underprivileged children. The members sponsor all school and Hi-Y dances, picnics, and every new term give a reception for the students who are just entering Highland Park. The Christmas dance, the Father and Son Banquet, and the Mother's Day Banquet are among the social functions of the Hi-Y.

At every meeting an interesting program is presented by the club members or a guest speaker. Representatives from Highland Park attended the Older Boys' Conference at Corsicana this year over which Johnny Mac Seay presided.

The Hi-Y Key for citizenship was presented to Virgil Harris, president during this year's fall term. Highland Park's Hi-Y has continued this year and will continue to uphold the principles for which it has stood since its organization.

The aim and purpose of Highlights is to create a spirit of democracy and to enrich girls' lives so that they may obtain from life all that it has to give.

Individual girls entering our school are welcomed by Highlights, and at the beginning of each term a welcome party is given for all new groups. Each year a worthy girl is honored by Highlights at graduation time.

During the year Highlights does social service work such as giving baskets at Thanksgiving and the annual Christmas party for the underprivileged children. There is a fall "Backward" dance and also one in the spring. The officers are installed at an annual banquet which is open to all the girls in the school.

One of the oldest clubs in Highland Park High is the Girls' Choral Club. It was organized by the present director, Frank J. Storey, in 1924, when most of the present members were babes in arms. It has functioned without interruption for the past fifteen years, and has participated in many state interscholastic meets, given operettas, furnished music for commencement exercises, and otherwise contributed in a constructive way toward cultural development and training of girls who have vocal talent. Only music of the better type, classic and semi-classic, is used by the club, and one of the objectives of the organization is to teach girls an appreciation of music of a superior class. Membership in the Choral Club is determined after competitive "tryouts," and no girl who aspires to membership is denied an audition. As the enrollment in the school has increased from year to year the club has grown both in numbers and in range of voices, so that during the present school year more than fifty members are enrolled, and four-part choruses have been sung for the first time in the club's history.

Music lovers, particularly those interested in men's voices, will enjoy the Boys' Glee Club, which was formed this year. To develop a finer voice and to enjoy the beauty of song is the aim of the individual members of this organization. The members hope to entertain their fellow students and to develop a lasting enjoyment of music.

The clubs activities consist of programs of different types of songs which are presented throughout the school year. This year the Glee Club and band presented a minstrel for the school. The club sang at the Hi-Y "Americanization Program" and at a special assembly. Every year a steak fry is given for the members and their dates.

The Boys' Glee Club is expected to become a leading organization in future years because of the number of students who appreciate its aims.

This year the Dramatic Club reorganized and limited its membership by means of try-outs. Five-minute skits and scenes from plays were used as material for try-outs. Those students who gained membership in the club were divided into two groups, senior and junior. The senior group, sponsored by Miss Harrison, presented a three-act play, **Lady of Letters,** by Turner Bullock, March 17. The members of the junior group, sponsored by Miss Golden, worked on one-act plays. Two of these plays were directed by members of the club, Dorothy Timberlake and Doris Stewart. Members of both groups were eligible to try out for parts in the Interscholastic League Contest Play.

Membership in the Dramatic Club was not restricted to those interested in acting only. Students who preferred to work back-stage also had their opportunity with the presentation of the three-act play.

The purposes of the Travel Club are to broaden the student's interest by giving him opportunity for contact with customs, peoples, traditions, institutions, buildings, and scenery of other countries as well as his own; to teach appreciation of these countries and to give him some practice in planning a trip of his own. The club subscribes to **The Travel Magazine,** which the members enjoy very much. Invitation has been given to the club to join the National Travel Club. Among the many interesting speakers who have talked before the club have been Miss Margaret Tallichet, of Hollywood, who talked on the movie industry. Also Mr. Marshall gave a very interesting talk on his life in South America and Mrs. W. H. Francis lectured and showed moving pictures of Alaska. Many of the members have gone to the National Geographic Society meetings and the club has been invited to attend illustrated travel lectures at S. M. U.

During the past year, the Chemistry Club has had many objects in view. Some of the most important of these have been to develop scientific attitudes of thinking, to develop aims and objectives in sciences, to learn about the practical applications of sciences to new inventions, to sponsor window displays of science materials collected by students, and to sponsor the showing of sixteen millimeter sound films for our school.

Members of this club have collected minerals, fossils, literature, and chemical samples from over three hundred commercial industries in the United States. The club also sponsored the science banquet on March 23rd, which was attended by representatives from the Camera Club, the Chemistry Club, the Radio Club, and the Zoology Club.

The Radio Club is open to both boys and girls who desire to learn more about radio in general and more particularly in amateur operation. It has a license to operate on a call No. W5EAZ. The Radio Club room and equipment are readily accessible to members. Here the members meet twice a month for regular meetings, and smaller groups meet often.

Since much good is to be derived from the exchange of information by well informed members, we believe that much progress is being made by the Radio Club.

To give the many boys in the school who are interested in photography a chance to get together and discuss their problems is the purpose of the Camera Club. The club as a whole meets twice a month at the activity period, during which time the members hear lectures by guest speakers or by some of the more advanced members. Special groups meet twice a week after school in the school darkroom. Through the cooperation of the "Highlander," the darkroom has now an excellent enlarger, which, with the other equipment, makes it quite complete. The club sponsors several contests a year. Among the other activities are a banquet with the other science clubs and a camera hike. Several of the members work regularly with the "Highlander" and the "Bagpipe." The boys discuss learnedly such things as focal length, fine-grain developers, and other photographic terms that are a mystery to the average layman.

In the spring of 1938, the Stamp Club was first organized for all the philatelists of Highland Park. Its aims have been to interest new collectors in stamps, to bring about closer relations and contacts among the members of the club, to hold auctions and trade meetings where the members of the club could get together and sell or trade their stamps, and to learn more about our hobby by having guest speakers attend our meetings and speak to us about their own particular specialty in stamp collecting.

In the past years the Stamp Club has held auctions and trading sessions for its members and an exhibition for the entire school. Also many learned talks have been heard about various phases of philately by the club members. In the spring the philatelists intend to have another auction and to put on a drive for new members.

An opportunity to hear and speak the language is offered by the French Club to the students interested in a speaking knowledge of French. Among the activities of the club are found lectures in French, songs, games, and plays. In all these the foreign language is used exclusively. Another aim of the French Club is to acquaint its members as much as possible with the culture and civilization of France, thus helping to further in a modest way a better international understanding. It is hoped that the club will be able in the future to learn more of the splendid cathedrals and other famous buildings of France, of her costumes and picturesque customs through the aids to visual education furnished by the school.

Although the Latin Club is one of the newest clubs in school, it is one of the most progressive. It was formed in the fall of 1938 because of the interest shown by the Latin students. The purpose of the Latin Club is to further the knowledge and appreciation of Roman classical civilization and, in general, to create more interest in the study of Latin. Membership is open to all students of Latin who are making a passing average. This year the programs have been almost entirely on visual appreciation of the ancient Roman civilization. A study of the Roman homes in Cicero's day was made. Mrs. J. L. Glanville presented an illustrated lecture on her tour of Italy. The Latin tournament for North Texas is to be held at Highland Park this year, and the Latin Club is taking an active part in the preparation for this affair. The interest shown this year by the members predicts a successful future for this organization.

In November of 1938 the Spanish Club, entitled "Los Gringos," was organized under the direction of Miss Press. Membership is limited to those pupils who have completed the first year of Spanish with an average of eighty per cent.

The purpose of the organization is to foster an interest in practical conversational Spanish and to familiarize the members with the life, history, geography, and customs of the peoples of the various Spanish-speaking countries. In order to accomplish this objective, it has been decided to conduct the meetings of the club entirely in Spanish. The corresponding secretary secures "realia" from the various countries and a better understanding is thereby established between a group of English and Spanish-speaking neighbors.

From time to time throughout the year, noted Spanish and Mexican lecturers and entertainers are invited to present stories, native songs, and dances before the club. Movie travel talks are given frequently to enable the club to see as well as hear about the countries that are discussed.

The Debate Club was organized with the purpose of fostering the development of good speech and logical thinking. This organization hopes to create greater interest in debating among the members of the student body and to train boys and girls for participation in the spring Interscholastic League Contest. The debate squad took part in several tournaments held in other towns. The teams were very successful in the Denton meeting in February and the girls' A-team also was victorious in all its debates at the North Dallas High School tournament in March. Numerous debate teams have visited Highland Park, among them North Dallas, Sunset, Vickery, and Grand Prairie. Several debates have been given by members of the club on both serious and amusing subjects.

Members of the Highland Park Riding Club enjoy weekly rides at Rendezvous Stables, and occasional breakfasts and suppers following their outings.

Although the rides are for enjoyment, attention is paid to improvement in the form and technique of riding. A competent instructor as well as the school sponsor accompanies the pupils on all outings.

Every pupil in the high school who is interested in horsemanship is invited to participate in the activities of the club.

In the spring of 1936 the Art Club was organized. The purpose of this organization is to give regular art students a chance to do special work, and to offer others interested in art an opportunity for practice. The members also contribute to all acitivities of school life by making posters, place cards, stage scenery, and various needed art productions.

The club meets regularly every Thursday afternoon after school for one hour and a half. Picnics and the annual banquet are enjoyed by the members.

The membership is composd of two groups, active and associate. The active members work in various arts and crafts. The associate members do not have to attend meetings regularly but are permitted to join in the recreational activities. Membership in the club is not confined to art students but is open to anyone interested.

Highland Park, this year as in former years, participated in the Interscholastic League Contest held at S. M. U. We were represented in the Debate Contest by Portia Webb, Joanne Shriver, Douglas Haynes, and Riddell Hawk with Patty Miller and Milam Gormley as alternates. Both the girls' and boys' teams were defeated in the eliminations by Kaufman and Sunset respectively.

Participants in the Declamation Contest were Frank Harmon and Dorothy Timberlake with Kenneth Swanson making the extemporaneous speech.

Ready Writers were selected from students interested in creative composition. Our representatives was Mary Louise Nessley with Annette McMurray acting as alternate writer. These were the two most outstanding students who have become fluent in expressing themselves in writing. The final elimination was by impromptu writing done at school in a given period under the supervision of a sponsor.

Representatives of Highland Park in the Spelling Contest were chosen by a school wide contest. Winners in each class were Portia Webb, 4A; Mlvern Leisy, 4B; Annette McMurray, and Rebecca Woodson, tied for 3A; Anna Buchanan, 3B; and Billy Ward, 2A. After the final elimination Portia Webb and Billy Ward represented Highland Park in the State Interscholastic League Contest.

ONE ACT PLAY CONTEST

Preliminary reading before try-out . . . Scene from "Boy Meets Family."

Highland Park dramatists again scored a victory in the One Act Play contest at S. M. U., April 14, as they placed second in the district.

Dick Hull and Evan Adams, who played the lead roles, won second and third places respectively in the judges' choice for best individual acting.

The play, "Boy Meets Family," by Allan Reiser, which gives the story of a young man putting up a false front to meet his girl's family, was first presented to a very receptive Scottie audience.

The cast of the play was as follows:

Polly Wombly . . . . . Evan Adams

LATIN TOURNAMENT

For the third time in thirteen years the North Texas Latin Tournament was held at Highland Park. On their home field, these scholastic Scotties took one cup, five team places, and three individual places. Bobby Watkin, who won individual place, teamed with Melvern Leisy to win first team place and thereby the single cup in the fourth year division. The January beginners team, composed of Margaret Allen, who took third individual place honors, and Elgin Ware, won second place team awards.

Jeannette Story and Billy Emrict distinguished themselves in the third team division by taking off third place laurels. Mary Ann Minton and Kathryn Johnson were ranked in third team place for the second year division. Tommy Oberchain took the second individual ribbon in the third year section, and with his teammate, David Pines, took second place team honors.

After a day of tests the Latin students were entertained in the school cafeteria with a banquet and a novel program. For the first time in tournament history slides were shown to entertain the contestants. When the program had been completed, Mr. H. E. Gable presented prizes and awards.

Our newest organization, the Music Club, has met with warm enthusiasm from the lovers of good music and within three weeks included a membership of over fifty. The purpose of the club is to foster the knowledge and appreciation of good music—chamber music, symphonic productions, and grand opera—through recordings, and the study of music appreciation. Many of the members have instruments, and there will be programs by the members themselves from time to time.

For the last several years the motive of the Bagpipe's various staffs has been enlargement and improvement. Not without pride did we insert the slightly boastful words in this, the seventh volume of Highland Park's bi-weekly—"The Largest High School Paper in Texas—For the Best High School in Texas." This has been a challenge to the staff for the year 1938-'39. We have endeavored, in the seventeen issues which have been published this year, to grow with the school and reflect its every endeavor.

Aside from its expansion to an eight column paper, the Bagpipe has been proud this year of its publication of the first school magazine, "The Chanter," and of maintaining its class A rating in the Texas High School Press Association.

It has been a pleasure to work with Mrs. Short and every member of the staff, and Miss Dial and her art department, Mr. Wilkinson and Mr. Williams of the Wilkinson Printing Company, and Mr. Crenshaw of the Southwestern Engraving Company, who have cheerfully given their time whenever we needed their help. Special credit is due to Sanford Bauman and John Adsit who have supplied us with so many fine pictures. We have done our best to publish an annual that meets the standard of all Highland Park High achievements. May our efforts rest on their merits.

FOOTBALL

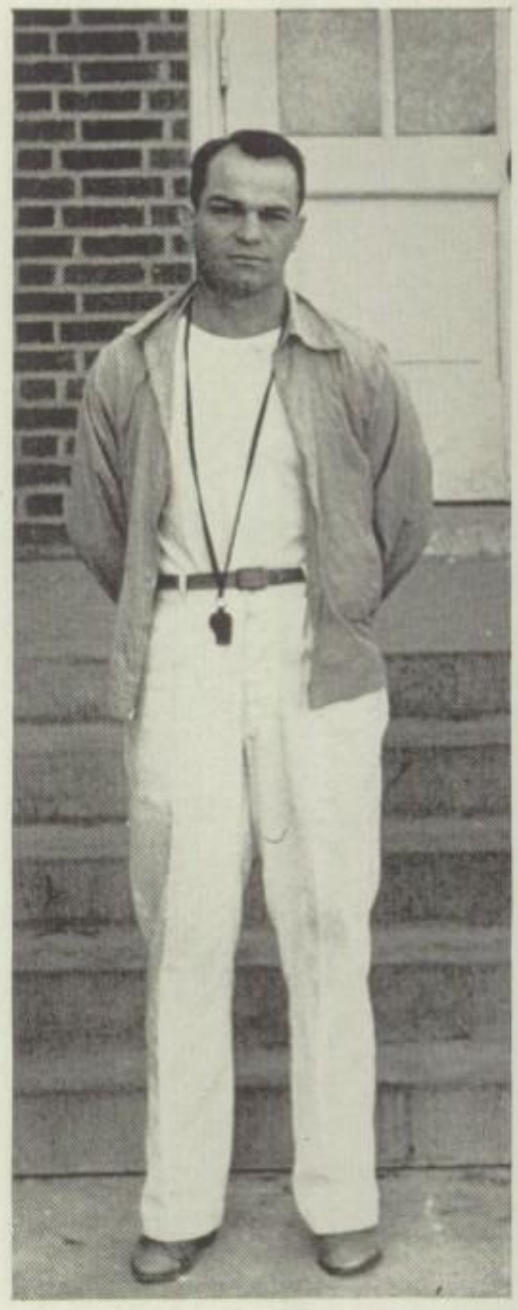
COACH HUME

REDMAN HUME

Head Coach Redman Hume, in his fourth year as Scottie mentor, piloted the Golden Avalanche to its second consecutive district victory and thence into the state quarter-finals. Hume, recognized as one of the most successful high school football coaches in Texas, was formerly a stellar athlete at Sherman High School and an all-conference back at Southern Methodist University where he gained national fame as "The Galloping Gazelle." In 1938 he upheld his share of the grid burden one hundred per cent and the boys who played under his direction and the student body are appreciative for his work.

FLOYD HIGHTOWER

Line Coach Floyd Hightower, a former Schreiner Institute and Alabama athlete, in his third year at Highland Park took the light material offered him and built up one of the most powerful forward walls in the state. Although he makes the young grid aspirants push him around on his "wheelless ploughing dummy" and hit that line, they love him for it. Mr. Hightower, one of the most popular members of the faculty, is also the coach of the Highlander track team.



COACH HIGHTOWER

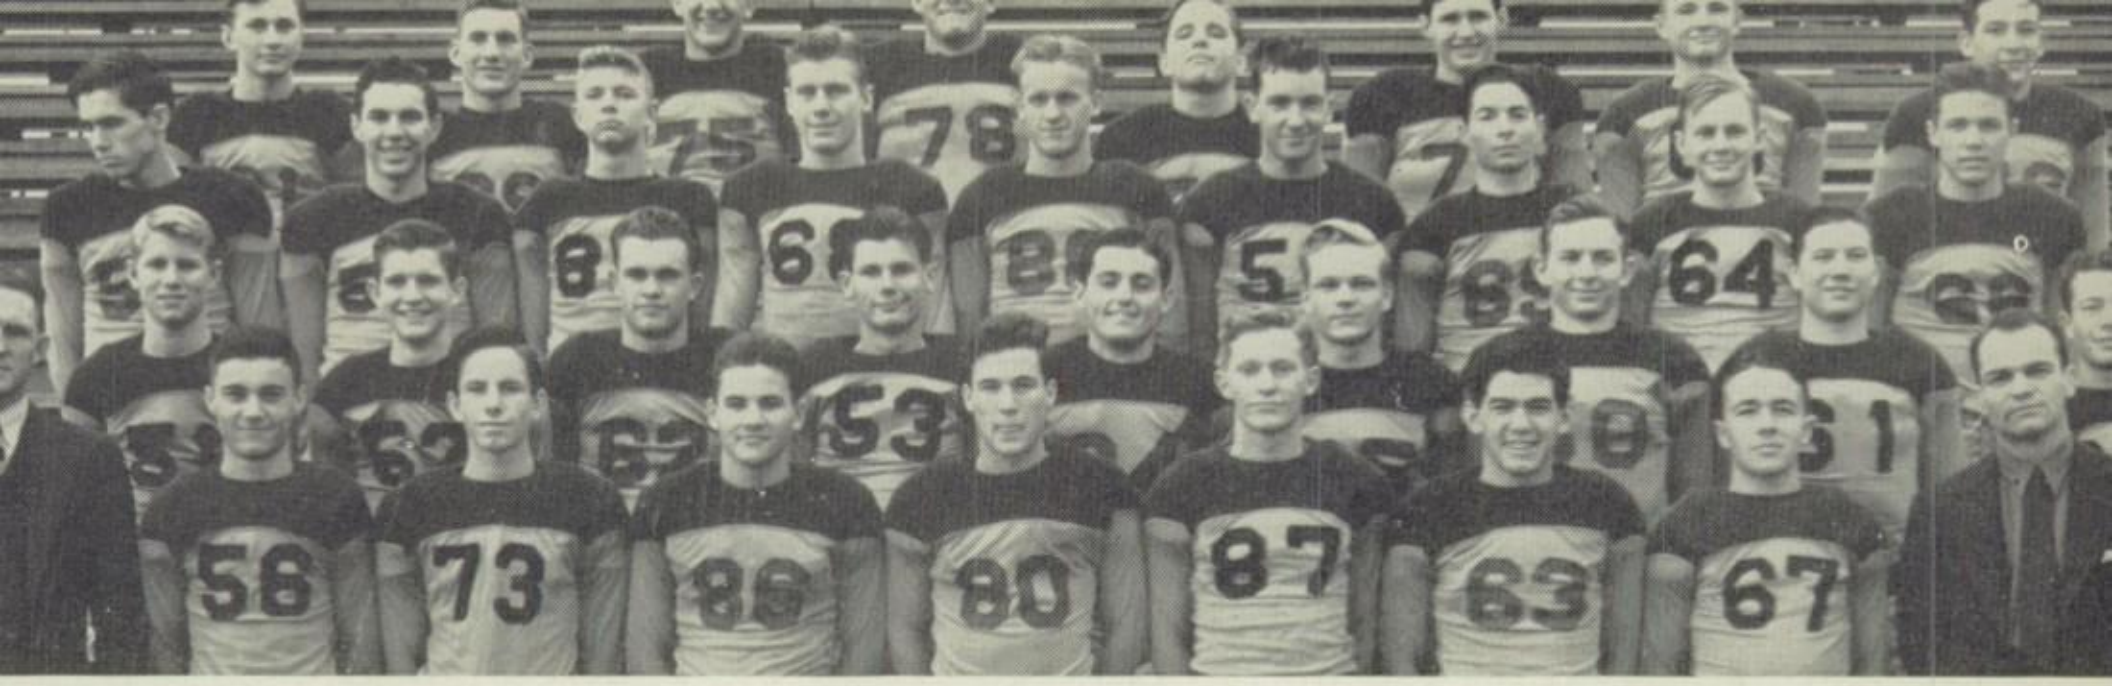
ADAMSON, 6—HI PARK, 32

Highland Park's Golden Avalanche opened the 1938 football season with a smashing 32-6 victory over their old rival, Adamson. The game, played in the Cotton Bowl before some 8,000 fans, was the first victory for the Scots over Adamson, since 1924, and at the same time broke the jinx which the Cotton Bowl had over them. This first game definitely stamped Highland Park as a pre-season favorite in North Texas.

Scoring almost at will, Highland Park ran up 5 touchdowns, all made in the first half. During the second period the team played a defensive game entirely, using a number of substitutes. The game was marked by the brilliant running of Jordon and Dwelle and the outstanding playing of Bishop and Seay. Swank's fifty-yard run after taking a lateral from Germany was the high spot of the game.

MASONIC HOME, 14—HI PARK, 13

In this game Highland Park lost its only regular scheduled game of the year to a gallant group of boys from Fort Worth. Don Stevens, 165 pound fullback, led the Masons to victory by his line blasting which shoved the Scots down the field. The game was one of the hardest fought of the season for both schools. Highland Park opened the scoring with Dwelle and Jordon carrying the ball downfield for a march of 70 yeards. However, the Masons came back to score and also add the extra point which Hi Park had failed to do. From here on, the Masons were ahead by their one point. In the second half both teams scored one touchdown and the extra point. However, Hi Park was unable to overcome the one point lead and lost a heartbreaker.



Front Row—Left to right: Hume, Frymire, Martin, Hemmingson, Bishop, Gibbons, Harkey, Giddens, Hightower.
Second Row: Connell, Neale, Stanbery, Long, Jordan, Harris, Seay, Craig, Crummer.
Third Row: Germany, Shaw, Taylor, Newman, Munnell, R. Borgeson, Maher, Guthrie, Cox.
Fourth Row: S. Ernest, Dwelle, Swank, Leftwich, Waters, D. Ernest, Lee, C. Borgeson.

LONGVIEW, 6—HI PARK, 26

Coming back after losing to Masonic Home, Hi Park thoroughly trounced the 1938 state champs, Longview, and turned in one of the best games of the year. The Scots outpointed the East Texas eleven in every department, gathering 18 first downs to 6 and outgaining the visitors on rushing plays, 203 yards to only 58 for the Lobos. A crowd of 7,000 fans was on hand to see Longview lose its first game in 18 starts. It seemed that Hi Park was looking for revenge after losing its first game the previous week. Bishop opened the scoring march with a 36-yard end run which set up the first touchdown. After this, the Highlander backfield ran wild and gained almost at will behind wonderful blocking by the line. After this well earned victory the Scots showed promise of a great ball club for the games to come. Dwelle's passing was an outstanding factor in this game—a 45-yard pass to Bishop topped his fine performance.

DENTON 0—HI PARK 41

The Scots opened the 1938 district 6 race with an easy victory over the Denton Broncs on Highlander field. Coach Hume used three complete teams during the contest with each team scoring on the opponents. The Scots were at no time hard pressed and were only forced to punt twice. Both of these came in the last quarter with reserves playing in the game. The first string team, while in the game, displayed a wonderful running game and beautiful blocking in real championship style. Munnell, Dwelle, and Jordon starred in the backfield for the Scots with Seay and Harkey playing a great game on the line. Altogether the Highlanders ran up six touchdowns and kicked all but one extra point.

GREENVILLE, 7—HI PARK, 47

This game with Greenville was the second straight district victory in as many starts. Highland Park, in this game, ran up more yardage than any previous game and showed a hard charging offense throughout. The vicious tackling and blocking of the Scots led to many fumbles by Greenville of which the most were recovered by Hi Park. After the game was finally over and the smoke cleared away, Hi Park had run up a total of seven touchdowns made on the ground and through the air. Dwelle led the attack by his brilliant running and expert passing. He was assisted in grand style with the superb line play of the entire front ranks.

HI PARK, 20—DALLAS TECH, 0

Highland Park rolled over a stubborn Dallas Technical eleven by the tune of 20 to 0, which made our third victory and one tie against Dallas clubs since resuming games with them. The game was not an easy one for our Scots because the Dallas boys were inspired for the game and put up a tough battle. On seven occasions our blue and gold warriors penetrated the Tech line; however, they failed to score several times because of clipping penalties which set them back. It was not until the second quarter that the superior play of the Highlanders started to click. The hard charging running of Dwelle and Bishop along with the superb blocking by Munnell set up two touchdowns in this period. Dick Dwelle was again the star back because of his scoring all the points except one made in the game. Swank and Harkey were the outstanding line-

men for our Scots. Highland Park made twenty first downs to only five for Tech.

HI PARK 14—RANGER 0

Highland Park chalked up a 14 to 0 victory over the Ranger Bulldogs on Highlander field before some 2,500 shivering fans. Coach Hume juggled his players up so much in this game that the Gainesville scouts had little opportunity to get any dope which would help them in the forth-coming important bi-district game set for December third. It was not until the second period that the Scots reached pay dirt. With the ball near midfield Hemmingson, young star halfback, faded back and shot a twenty-five yard pass into the hands of Bishop, who ran the remaining twenty yards for the score.

nine touchdowns in a fine running and passing game. Bishop scored three touchdowns, Dwelle two, Munnell two, Scott Ernest and Crummer one each. In this game Crummer, Hemmingson, and Ernest, all substitute backs, showed some great running and blocking —something for the fans to look forward to next fall, since all of these players will be back. The regulars saw much of the game from the bench with the subs doing quite a bit of the playing in grand style. This Thanksgiving day game was the fourth district victory for our 1938 Scots.

HI PARK 33—McKINNEY 6

After an open date and a week's rest Hi Park was at full power for the highly touted McKinney Lions in a game which was to decide the district champions. The Golden Avalanche turned on the heat and crushed the Lions 33 to 6 before

Again, in the third period Germany covered a Ranger fumble on their twenty yard line, and from here Hemmingson ran it over on a reverse through tackle. HI PARK, 61
SULPHUR SPRINGS, 14

The Blue and Gold clad warriors of Highland Park's mighty Golden Avalanche, rolling at full speed with every available player seeing action, crushed a game but outclassed Sulphur Springs eleven 61 to 14. HI PARK 26—GAINESVILLE 0

A powerful, hard-charging Highland Park grid machine rolled over a previously undefeated, untied Gainesville Leopards 26 to 0, to gain the state quarter-finals. Gainesville came down for this game with one of the most spectacular records of any high school team in the state, only to go home a defeated team. This was the second victory of the season by our Scots over previously undefeated and untied teams. None of the highly touted Gainesville stars showed well in this game. Too much cannot be said for the Highlander line which played the greatest defensive game seen on a high school gridiron in many a season. They held the Leopards from gaining but fifty yards the entire game. Gainesville fumbled the ball often after the vicious tackling and blocking of the Scots. some 7,000 fans. The game turned out to be one of the most spectacular played during the entire season. The victory gave the Highlanders three wins in the district, clinching the title for the second straight year. In their usual exciting razzle dazzle style, Hi Park ran up a total of twenty-six first downs to eight for McKinney. "Moose" Munnell led the offense with brilliant straight smashes and reverses for large gains. Germany and Seay, the two ends, did such a beautiful job of blocking on two different touchdown runs that they brought the crowd to its feet. same plucky fighting bunch of boys. Highland Park opened the scoring with a spectacular seventy-five yard run down the field for a touchdown by Dwelle behind some brilliant blocking. Later in the second period, a thirty-three yard pass from Dwelle to Jordon was good for the second touchdown. Highland Park led at the half 12 to 0. At the beginning of the second half, the Masons came out a new team and started shooting a barrage of short bullet passes which they completed time after time. With these passes the Masons ran up two touchdowns and tied the score. Although the game ended in a tie, Masonic Home was declared the winner because of their four penetrations to Highland Park's three. At the close of the game the Scots paid tribute to the plucky and victorious Masons and wished them luck in the state race.

Advancing to the quarter-finals in the state race, Highland Park met the Masonic Home, who had reached this point by a smashing victory over Sunset, the Dallas district winners. Some 22,000 fans jammed into Ownby Stadium to see the Highlanders try to avenge the only defeat suffered during the season—a heartbreaking 14 to 13 loss early in the season to this

This one was for 87 yards.

B-TEAM FOOTBALL

Under the tutelage of Coach Ralph Binnion and with only two returning lettermen, the B-Team experienced a very successful season.

The inexperienced B-squaders dropped the first game to the Sunset B-team by the score of 14-0. All the Sunset scores were made in the first half and the heavier Sunset team was outplayed by the Ramblers in the last half. In the second game, a heavier and more experienced Pleasant Grove team eked out a 14-13 victory over the Ramblers. A victory was won by the B-team over a previously undefeated Woodrow Wilson B-team by the score of 14-0. The Ramblers showed a devastating ground and air attack to completely outclass the enemy. In the final game of the season, the future varsity hands ran over an outclassed Adamson B-squad to the tune of 26-6. Coach Binnion played every man on the squad to give them experience for next year.

The lettermen were as follows: Thomas, Holloran, Parker, Frymire, Ricketts, Wiseman, Herman, Alley, Wright, Abernethy, Washburn, Sells, Morgan, Patillo, Joiner, Quinn, Jackson, Clay, Bennett, Moody, Sullivan, Wolf, Wilson, Witte, and Managers Glanville and Lewis.

Opening the season in the Plano Invitation Tournament, the Highlander basketballers marched through all opposition into the finals only to be downed by Sunset 27-19. Next this stellar Scotch basketball aggregation roared into an eight game series to emerge with six victories and two defeats, both to Denton by one point margins. Then on the 9th, 10th, and 11th of January Coach Binnion and his now-experienced cagers journeyed north to Oklahoma for their annual games with McAlester and Atoka. Although receiving a severe 28-14 lacing in the initial game with McAlester, the Scottie quint fought back in the second to cop a 19-11 win.

Near the "peak" in form and condition, a determined team entered the district tournament at S.M.U., annihilating Palmer and Pleasant Grove in early round matches to face Woodrow Wilson, city champs, in the finals. Showing excellent team play and a very superior brand of basketball, the Scottie quintet, pouring points through the loop from all parts of the court, grabbed an early lead which they held throughout the entire game. In the closing few seconds of play they staved off a desperate Wildcat rally to capture the game to the tune of 22-20 and the title:

Piloted and coached by Mr. Lawrence Buschman, in his first year at Hi Park, the "B" squad cagers ploughed their way through a gruelling season, amassing a total of 345 points to their oppoents 221. Triumphing in eight games and dropping only three, this bunch of hard working future "A" team stars gained much valuable training and game experience in their lengthy and tough season.

BASEBALL

Coach Marshall shows how it's done.

The 1939 Highland Park baseball team is one of the best Coach C. H. Marshall has developed in several years. As the "Highlander" goes to press the Scots are leading the Northern Division of the Dallas County League with six wins and no losses.

There are five returning lettermen from the 1938 season—Captain Dick Dwelle, Captain Billy Phillips, Johnny Seay, Chagles Magee, and Don Wooten. Dick Dwelle and Arthur Joiner share the pitching duties and both toil at first base. Johnny Seay has ably taken over the catcher's position. On second base we have a newcomer, George Frymire, who is playing flawless baseball. The hot corner (third base) is kept plenty cool by veteran Charles Magee. For the third year Billy Phillips is playing a sterling brand of ball at shortstop. Bill Witte, Don Wooten, Bob Weinberger, Bob Stanbery, and James Hemmingson are holding their own in the outfield positions.

T R A C K

Inaugurating the season with a few practice and intramural meets, Coach Floyd Hightower prepared and experienced his flying Scots for later and much stiffer competition. Early in the season many young hopefuls were uncovered; the most promising of which were Tommy Winn, and Larry Wolfe, who later earned his position on the mile relay team. The stiffest competition of the pre-district meets was encountered by the "thinly clads" in the two major meets of the state: (1) The "Fat Stock Show" in Fort Worth and (2) the famous "Texas Relays" in Austin in which the medley relay team of Jarrett, Brush, Bishop, and Schrimpf placed 4th.

In the district meet at S. M. U., Coach Hightower's stellar cinder men accumulated 13½ points to cop fourth place in the meet. Ralph Schrimpf, captain and ace miler of the team, turned in a 4 minute 46.5 second mile for the only first place of the meet while Ed Jarrett tied for second in the 440. Bush placed third in the 220-yard low hurdles, and the team of Bishop, Wolfe, Brush, and Jarrett ran second in the mile relay.

Bishop finishes first.

Hi Park's golf team, including three lettermen from last year, was chosen after fifty-four holes of medal play were run off at Glen Lakes Country Club. The four players who won the right to represent the school as the golf team were T. C. Hooker, Julian LaRoche, Starke Taylor, and Don Houseman, with Jimmy Pryor and Ben Taylor acting as alternates.

The team played several matches with neighboring schools, but the high point of the season was the State High School Golf Tournament held at Cedar Crest Country Club April 5th through the 8th. Highland Park was heard as T. C. Hooker won the championship of the first flight.

Early in the fall an intramural tournament was held for the school's golfers and Don Houseman staged an upset as he came through to win with flying colors. Soon another tourney will be held to select the school champion and the boys are busy practicing for that event.

Golf has become one of Hi Park's most popular sports largely because of Mr. Bowlby's fine work in securing for us the use of Glen Lakes and in sponsoring the State Tournament. Many thanks should be extended to him.

In the pre-season matches this year, Scottie netters triumphed practically every time as they downed Terrell, Denton, Corsicana, and Forest.

Then the team with Roy Bettes as singles representative and Tom Broad and Walter Browning pairing to form the doubles team, charged into the district tournament only to be eliminated in the first round. Bettes was defeated by the future regional champ, Bill Grubbs, and the doubles by Sherman, district finalists.

In the Waxahachie Invitation Tourney Browning slammed his way into the singles third round while Bettes and a Sherman boy were advancing to the doubles semifinals.

Highlander racquet wielders were ably coached this year by Mr. Harrison, who next year will have two returning lettermen, Bettes and Broad.

In the intramural tournament in which sixty-four boys were entered, Jim Blanchette defeated Dale McFadden in the finals 6-3, 6-4.

Lettermen are as follows: Roy Bettes, singles; Walter Browning, doubles; Tom Broad, doubles.

BASKETBALL

Mrs. Corwin and Mrs. Kuser, Coaches

Clean sportsmanship, real basketball ability, and good, hard play combined to make 1938-1939 an outstanding season for the Highlander Lassies. Both interscholastic and intramural basketball excelled the records of previous years.

Coached by Mrs. Kuser and Mrs. Corwin, five teams composed of 70 girls played 60 interscholastic games during the season. The first team, captained by Jane Taylor, played 19 games, won 12 and compiled 390 points to its opponents' 291. After playing games with the teams of the neighboring schools, the first team entered the Lancaster tournament. A victory over Red Oak was followed by a seven point loss to Plano, tournament champions. Undaunted, the Lassies came back the next week to play a bang-up game and display their best form of the season as they completely outplayed the Palmer sextet by the top heavy score of 45-16. The second team, led by Alice Ann Leftwich, learned the tricks of the trade and gained experience by winning 10 out of 18 games. Playing fewer interscholastic games and more intrasquad games, the "B" squad teams practiced hard to learn the fundamentals and always tried their best to win the challenge games with the second team.

Intramural basketball brought new friendships, profitable exercise, and real fun to 200 girls. In the two leagues, one on Tuesday night and one on Thursday night, sixteen teams, composed of from 8 to 14 girls each, played 56 games. In the final play-off during activity period, Dorothy Griffin's team, winners of the Tuesday night league, was defeated by Dorothy Herring's team, winners of the Thursday night league. The P.-T. A. entertained this team with a Mexican dinner at El Fenix. This year, for the first time, the all-star team, selected from both leagues, was awarded individual gold charms.

As a climax to the season, on March first the players enjoyed the banquet given by the P.-T. A. At that time the coaches announced the letter sweaters, emblems, and awards. The first, second, and third team Improvement Cups went to Joann Creel, Alice Ann Leftwich, and Nancy McFadden, respectively. In like order, to Eleanor Palmer, Peggy Donosky, and Rosemary Peabody went the Sportsmanship Cups. Jane Taylor had the honor of receiving the only gold basketball and chain ever given for four years of basketball excellence.

Tennis Club . . . Jane Taylor, singlos . . . Frances Harris and Jane Wrather, doubles.

TENNIS

The Tennis Club, composed of the beginners and advanced sections, had a total membership of 70 girls. Meetings were held for each section on alternate Wednesday afternoons. The officers were: President, Jane Taylor; Vice-President, Eleanor Palmer, and Secretary, Margaret Payne. In the singles tournament sponsored by the Tennis Club, Jane Wrather, Betty Ann Fries, Mary Ann Mitchell, Marian Crum, Frances Harris, and Jane Taylor were winners in their respective gym classes. A club winner was to be determined from these six.

With only one letter player, Jane Taylor, returning for the year's tennis team, the squad, coached by Mrs. Corwin, nevertheless had a very successful season. In inter-school competition Jane, the singles representative, defeated Sunset (2-6, 6-4, 8-6), Denton (6-2, 6-3), and Forest (6-3, 6-2 and 6-1, 6-4), losing only to Terrell (4-6, 4-6). After winning from the Milford singles player (10-8, 6-0) in the District Meet held at the Cedar Springs Tennis Club on April 14, Jane was defeated in the semi-finals (4-6, 1-6) by Wanda Saunders, Adamson entry, who won the district singles title for the second consecutive year.

Although they began the season by losing to Sunset, Terrell and Forest, Jane Wrather and Frances Harris, the doubles team, came back strong to close the season by defeating Forest (6-4, 6-1) and Denton (2-6, 6-3, 6-0). In the District Meet the Sherman team, who later won the title, defeated Jane and Frances (3-6, 0-6).

LIEUTENANT R. P. LIVELY

COLONEL RALPH W. BECK

LIEUTENANT LIVELY

First Lieutenant Richard P. Lively, Commandant of the Highland Park R. O. T. C. units, has served as a worthy successor to the late Captain Muller since September, 1937. In this capacity as Commandant, Lieutenant Lively has entered every phase of the military activities with such energy and progress as to win a place of high esteem in the mind of every cadet. It has been under his conscientious leadership and supervision that the corps has progressed with such smooth and rapid acceleration to the high position it now holds.

COLONEL BECK

In the thirteen years that Colonel Ralph W. Beck has served as director of the Highland Park R. O. T. C. band he has taken it to the heights of musical success. Through his excellent instruction and direction, the Highland Park band has become one of the most outstanding in the state. The band is a very important organization in the school and has been called upon to perform at many public activities. It has been a great factor in promoting the high spirit that so characterizes the Highland Park student body and military corps.

THE REGIMENT IN REVIEW

Beginning the year with the largest military unit in the history of the school, the cadets progressed rapidly. With but two experienced officers in their midst the future colonels carried away second place in the annual city-wide officers test. Having this as an excellent background the military units advanced into the next fields of endeavor, the fall inspection and City Championship Rifle Match, to emerge not altogether victorious, but with a very good rating. The remaining competitive events of the year were the Corps Area Rifle Match, Federal Inspection, and the Shoulder to Shoulder Rifle Match, in all of which the cadets made a fine showing. It may be said that in all work, whether competitive or non-competitive, the Highland Park R. O. T. C. Corps did its best and held its high standard and spirit until the last note of taps was blown to the year's military activities.

Education -

...the Power behind Progress

...the Motive Power of Civilization!

Education awakened the imagination of the world when it was young, and inspired and equipped mankind to build toward a greater civilization. Educators through the centuries have carried the object lessons of the past to each generation, fusing them with the broadened outlook of new thought . . . laying the foundation for each era of civilization's development.

Whatever has been the peculiar stimulus of each period of American progress, education has been the vehicle of accomplishment. The practical nature of America's educational system has been responsible for the per capita prosperity of American people which is the envy of every nation.

Margie: "Where do jellyfish get their jelly?"
Norman: "From ocean currents, I guess."

•

Courshon: "Why do you make that gurgling noise?"
Florence: "I'm trying to swallow that line you're throwing."

•

Dick Sleeper: "Can I get a room for three?"
Clerk: "Have you got a reservation?"
Dick: "What do you think I am, an Indian?"

•

Ann Apperson: "Fashions may come and go, but there's always a demand for cosmetics."
Rosemarie: "Yes, women can't go wan forever."

•

Beverley: "Can you drive with one arm?"
Hugh: "I'll say I can!"
Bev: "Okay, Have an apple."

•

Mrs. Short: "What is the name of a group of islands belonging to the U. S.?
Billy Fulton: "Huh? Why-ah . . ."
Mrs. Short: "Correct."

•

Mr. Boswell: "And so, students, we can come to the conclusion that nothing is impossible."
Sonny Guthrie: "Well, I'd like to see you run this umbrella down your throat and open it."

•

He loved the girl so much he worshipped the very ground her father discovered oil on.

•

Billy Castellaw, who had to go to summer school because he hadn't passed out of the junior year, brought home a bad report card.
Father (reading report card): "D in work, D in effort, D in conduct. That settles it. From now on you and I are through."
Billy: "Stop deluding yourself, Dad. Just remember that I'm still an exemption on your income tax return."

WORDS

are the servants of men

Whatever man achieves arises from words; is recorded in words; is described with words. His dreams take form in words. His plans, although drawn with pen and symbolized in blueprints, are made articulate by the use of words. His greetings to the dawn and his farewells to the sunset are formulated in words. Without words his thoughts, his dreams, his hopes, his ambitions cannot crystallize. Without words he cannot command nor make entreaty; he cannot affirm nor deny; he cannot give wings to thought nor imagination.

Words are, therefore, the constant servants of men. When men have put words together to express that which others are to read, we take those words and compose them in type ready for reproduction. That is called **Composition.** By another process we prepare composition for further reproduction in newspapers by means of **Mats** or **Stereotypes.**

Our business consists, then, of doing Composition; making Mats and Stereotypes, and rendering superior service to those who shape words together for reproduction. We, too, are servants to men who make words servants to them.

with our coats off

We work *with our coats off* . . . and . . . we make your advertising dollars work the same way. That's the way to get the job done, in our experience.

If you want advertising, sales counsel or commercial art for *results* . . . profitable *results* . . . we'd welcome the opportunity to explain our service in more detail.

Call us . . . 7-2913 . . . and let's set a time for a friendly visit . . . there'll be no obligation but plenty of appreciation. 7-2913 is the number!

Dale: "I saw in the paper that in some out-of-the-way corners of the world the natives still use fish for money."

Meletio: "What a sloppy job they must have getting chewing gum from a slot machine."

●

A bunch of germs were hitting it up
In the bronchial saloon;
Two bugs in the edge of the larynx
Were jazzing a rag-time tune.
Back in the teeth, in a solo game,
Sat dangerous Ack-Kerchoo;
And watching his pulse was his light of love—
The lady that's known as Flu.

●

THANKS

You kissed and told
But that's all right—
The man you told
Ca'led up last night.

●

Here lies a pedestrian,
He's cold as ice,
He jumped only once when
He should have jumped twice.

CLOTHES *are important*

to a man . . because they are much of what others see of us. And from what they see, they pass judgment. One can be more or less than his clothes, but it is the exception. Dress like a fop, and be one. Dress carelessly, and the world will mark you a careless, undependable man.

E. M. KAHN & CO.

MAIN AND ELM AT LAMAR

DEDICATED TO ROBERT SHAW

He made a run around the end,
Was tackled from the rear,
The right guard sat upon his neck,
The full back on his ear,
The center sat upon his back,
Two ends upon his chest,
The quarter and the halfback then
Sat down on him to rest,
The left guard sat upon his head,
Two tackles on his face,
The coroner was then called in
To sit upon his case.

"Children," said Miss Allen, "be diligent and steadfast and you will succeed. Take the case of George Washington. Do you remember the great difficulty he had to contend with?"

"Yes'm," said Moose Munnell, "he couldn't tell a lie."

●

The band practice was in full swing, but something had gone wrong. Hugh Fowler glared at the flute player.

"Why on earth did you leave off playing just as we got to the chorus?"

"Well," retorted Clifton Moss, "on my music it says, 'Refrain', so I did."

●

"Oh, I know a few things;" exclaimed the haughty senior.

"Well, you haven't anything on me," retorted the freshman confidently; "I guess I know as few things as anybody."

Dick Hull: "I'm a very good thought-reader; I can tell exactly what anyone is thinking."

Jeanne Wilkerson: "In that case, I beg your pardon."

●

Johnny Seay: "Did you ever run across a man who at the slightest touch would cause you to thrill and tremble all over?"

Margaret: "Yes, the dentist."

●

The Boss (to applicant for a situation): "What do you think you could do in an office?"

Jot Newman: "Well, Guv'ner; I'm wot yer might call a orl' round useful sort o' man—light a match for yer; 'old a door open; ring the bell for ther lift; look an' see if it's left off rain'; and tell people yer out when yer ain't."
